## Red Wine Flights

### ***Location, Location, Location.***

**\$11**

*Cabernet Sauvignon the king of grape varieties thrives in harsh conditions & loves to struggle it produces some of the best when it is forced to work. These three expressions from such different locales serve to spotlight just how different the terroir can focus the end product.*

### ***Zinfandel from A to Z***

**\$16**

*What grape varietal can span the depths from jammy, fruit forward, berry in your face to dry, arid, peppery, dust-bowls of earthen exposure all in three glasses – take your pick- We love Zinfandel for its wide dimensions.*

Robert Biale “Party Line”	Zinfandel	North Coast	2017

## White Wine Flights

### ***Malo- Me No More / ( Anything But Chardonnay )***

**\$10**

*A secondary fermentation, malolactic fermentation, can transform malic acid notes of tart green apple to lactic acid notes of butter and cream. Foregoing this process is a tool in the wine-makers bag used to part ways with the seeming overabundance of buttery, creamy, Burundian-styled whites that were at one point ubiquitous. The A.B.C. mantra of **Anything But Chardonnay** has opened up the flood gates and possibilities to a plethora of options to explore.*

Progetto Lageder "Riff"	Pinot Grigio	Triveneto	2015
Araldica "La Luciana"	Cortese	Gavi-Monferrato Hills	2016
Domaines Schlumberger	Riesling	Alsace	2009

### ***Did someone say butta!***

**\$22**

*Many seem hell-bent on chasing the Burgundian ideal of rich buttery oaky goodness that Domaine de la Romanée-Conti Montrachet conjures. You don't always have to go that far nowadays – don't discount New World Chardonnay – we've shown we can best the French at their own game from time to time-bring it-and we shall!*

Liquid Farm	La Hermana	Chardonnay	Santa Rita, California	2015
Rombauer		Chardonnay	Carneros	2015
Pahlmeyer's	Jayson	Chardonnay	North Coast, California	2015

### ***Slightly sweet, sweeter, & a little sweeter still***

**\$15**

*Riesling is a very expressive & aromatic varietal. Its aromas and flavors are often compared to orchard fruits. Some characteristics include minerality, petrol like aromas, & clear or racy finishes.*
