Bets

All bets must be placed prior to the dealer announcing "No more bets." Each Player places three (3) equal bets in spaces indicated 1, 2 and \$

The Deal

Each Player and the Dealer receives three (3) cards face down.

The Play

You are not playing against the Dealer or the other Players. You are simply trying to get a good poker hand by using your three (3) cards and two (2) community cards, which are exposed by the Dealer. Each Player will be required to keep their three (3) cards in full view of the Dealer at all times. The winners are paid accordingly to the Payout Schedule (Pair of 10's or better, Two Pair, etc.). After looking at their first three (3) cards, the Player may ask for their first bet back (See the Middle and Left Players below) or they may "Let It Ride" (See the Right Player below).

The Dealer, after burning the bottom card from the community stack, turns up one (1) community card.

The Player may then ask for their second bet back (See the Left Player below) or "Let It Ride" (See the Middle and Right Players below).

After each Player has made a decision regarding Bet number 2, each Player's cards will be placed face down on the designated area of the layout and they may not touch the cards again. The Dealer then turns up the second community card.

Each Player's three (3) cards, after all losing wagers have been collected, the Dealer then pays all winning hands according to the Payout Schedule. Regardless of the decision made concerning the first or second bet, a Player may not take back the third bet. Players cannot show their hands to other Players.

3-Card Bonus Wager

All Players MAY place an optional 3-Card Bonus wager in addition to their standard Let It Ride wagers. Players may bet more on this 3-Card Bonus wager than on Let It Ride. The 3-Card Bonus wager is based on the cards each Player holds when playing Let It Ride. If the Player's cards contain a rank of Pair or better, their 3-Card Bonus bet wins.
